5.0 ★★★★★

Great indica dominant strain. Nice, relaxing, yet focused high. Good for conversations with family and friends. Not spacey at all (well, maybe just a little...). Slows down time. Good strain to get things done (as long as the to-do list is breif).

4.0 ★★★★☆

Lovely indica. Very uplifting and calming. Great to raise your spirits while cooling off. Good bet for calm conversations in smaller doses. Recommend for insomnia as well.
